

BRYAN ADAMS When The Night Comes

C Bb F (repeat throughout song)

Hold on, I'll be back for you it won't be long.
The night is something I hear calling me.
Lead me down that lonesome road, point me east and let me go.
My suitcase weighs me down with memories.

I just wanna' be the one you run to,
I want to be the one you come to.
I wanna' be there beside you when the night comes.
Put all our cares behind us,
And go where they'll never find us.
I want to be there when the night comes.

Two spirits in the night, we can leave before the morning light.
When there's nothing left to lose, there's nothing left to feel.
Meet on the edge of town, keep me waiting round and round.
And you and I could just roll on outta' here.

I just wanna' be the one you run to,
I want to be the one you come to.
I wanna' be there beside you when the night comes.
Put all our cares behind us,
And go where they'll never find us.
I want to be there when the night comes.

Am C
